

**EXCLUSIVE: Alex Jones Likely To Be Dumped From Tucker Carlson
Milwaukee Event**
By Mark Belling, WISN-AM

Faced with enormous blowback, Tucker Carlson and the promoter of his national arena tour are dumping "guest" Alex Jones from Carlson's scheduled September event at Fiserv Forum.

Carlson is featuring a different special guest at each of his tour stops and there are some pretty big names, including Donald Trump Jr., Megyn Kelly, Vivek Ramaswamy and there are plans for former President Trump himself to guest at one of them. Jones, who formerly ran his own online radio network, is a conspiracy theorist who falsely claimed the Sandy Hook massacre was a hoax, a statement he has since retracted (sort of).

Many conservatives who support Carlson want nothing to do with Jones. Fiserv Forum has been criticized for the booking. Now, Jones is being dumped by Carlson and his promoter and the guest for the Milwaukee event will be announced later.
